

SCENE 1: THE HINTERLAND

[As INNUENDO concludes there are sirens, search lights, the sound of a helicopter. A rock n' roll rebel figure appears on the run. He is BUDDY, an easy riding, hippy kind of a dude. He holds a videotape in his hand and as the sirens fade, he stuffs it down the back of his pants. Then he punches the air.]

Buddy: Long Live Rock n' Roll! I must save the rebel archive! The truth must never be forgotten! I have yet to discover the exact reason why rock and roll died, but my researches suggest that it had something to do with an ancient entertainment phenomenon known as – ^{Australian} ~~American~~ Idol! Soon new pop stars were being created at such a rate that they were famous for less time than it took to play their records! Culture imploded. Globalsoft activated its mainframe and the kids uploaded their souls.

Khashoggi: Find the rebel dude. We must bring back the stolen tape. The kids must never know the power of Rock.
